

IN THE DRAWINGS

Corrected drawings are supplied herewith.

Enclosed is a copy of FIG. 19A of the drawings which was inadvertently omitted from the set of informal drawings. The detail shown in FIG. 19A is the same as that shown in the first two steps of FIG. 21A and is supported by FIG. 18 in the same way as FIG. 21A is supported by FIG. 20. No new matter has been added.

The Office Action stated that FIGS. 20 and 21a are missing and that FIGS. 21b and 21c are referred to as FIG. 21. There is no FIG. 21c. FIG. 21a is on two pages – this will be corrected in the formal drawings. FIG. 20 is on the same page as the first page of 21a and is directly above the first page of 21a.

The references to the drawings in the specification are corrected by the amendments to the specification listed below.

Step	OMCD	OMORIG	OMORI	Object
0	Create unique vr_descriptor_t for specified VPN, fills with default value and adds VR to the list of VR per VPN.			
1	Requests group creation for specified VR with class_group_selector on specified address space.
